

HORNBROOK SMILE MAKEOVER Live Patient

Hornbrook Smile Makeover-Live Patient

This program consists of two weekends 4 weeks apart.
With the guidance of a clinical mentor, each participant will perform hands-on preparation and cementation of approximately 8-10 anterior ceramic restorations.

The goal is to provide attendees with a hands-on, live-patient experience and the opportunity to explore various case scenarios. The combination of clinical, communication, marketing, and management skills addressed in this course will not only increase participants' enjoyment of dentistry but their confidence and clinical success as well.

Attendees will learn

- » All about adhesive dentistry, including new materials and techniques for success.
- » Case planning, both esthetically and functionally, for anterior restorative dentistry.
- » How to avoid sensitivity and eliminate microleakage with bonded restorations.
- » Preparation steps that follow a predictable and systematic approach.
- » The functional reasons why some things work, while others fail.
- » Easy-to-understand principles on how posterior dentition can affect long-term anterior success.
- » New restorative materials and their applications.
- » A fast and highly esthetic method to provisionalize veneers.
- » Laboratory communication protocols to ensure success.
- » Cementation principles designed for predictable placement of multiple units.

Patient Options

1. We provide you with a patient
2. You bring a patient - a friend or family member
3. You bring a patient - a patient from your office who pays you for their procedure

Patient selection criteria will be discussed upon course enrollment. Travel package does not include patient's travel fees.

Course Instructors

David Hornbrook, DDS, FAACD, FASDA, a gifted clinician and product researcher turned mentor, guides meeting participants to the realization that they, too, possess the ability to practice aesthetic dentistry at the very highest level. He is one of dentistry's most famous faces and one of the pioneers of hands-on clinical education. He has been a guest faculty member of the post-graduate programs in Cosmetic Dentistry at Baylor, Tufts, SUNY at Buffalo, UMKC, and the UCLA Center of Cosmetic Dentistry. Dr. Hornbrook lectures internationally on all facets of aesthetic and restorative dentistry and has published articles in all of the leading dental journals. A prolific researcher and materials enthusiast, he consults with numerous manufacturers on product development and refinement. Dr. Hornbrook's warm and engaging style earns him the highest possible marks from participants and meeting sponsors.

Mark Montgomery, DDS, is a co-director of The Hornbrook Group. Dr. Montgomery maintains a practice devoted to reconstructive and aesthetic dentistry in Salem, Oregon. He was the founder of the Occlusion and Full Mouth courses at PAC~Live and the Hornbrook Group. Mark's enthusiasm and ability to transfer knowledge in a way that is easily understood has made him one of the most requested new speakers in dentistry today. In addition, he is currently a lecturer and consultant for Invisalign and a Fellow of ACE.
